

Teachers Academy

A bridge for the next level!

CASA DA EDUCAÇÃO

Erasmus+

A Training center of excellence for European teacher training in the heart of Lisbon

Where innovation meets tradition, and professional development transforms into a cultural experience.

Lisbon: Your Destination for Educational Innovation

A European Capital of Knowledge

Lisbon has emerged as a dynamic hub for pedagogical innovation, combining centuries of cultural history with cutting-edge technology and progressive educational practices. The city offers the perfect environment for transformative learning experiences.

With 300 days of sunshine per year, modern infrastructure, and a vibrant educational community, Lisbon provides the ideal context for the professional development of European educators. The city is simultaneously a living laboratory of innovative practices and a space for deep pedagogical reflection.

An Ecosystem of Excellence

The Portuguese capital stands out for its safety, accessibility, and welcoming atmosphere, essential characteristics for successful Erasmus+ mobility programs. The local ecosystem integrates prestigious academic institutions, educational innovation centers, and a rich cultural offering.

We position ourselves as a European benchmark in teacher training, offering programs that combine academic rigor, practical methodologies, and authentic cultural immersion in one of Europe's most inspiring cities.

Casa da Educação: 12 Years of European Excellence

Proven Experience

12 years welcoming and training European teachers and students in Lisbon, with hundreds of successful mobilities and consolidated partnerships across Europe.

International Partnerships

Established collaborations with educational institutions in Italy, Romania, Poland, Czech Republic, and other European countries, ensuring recognized quality.

Operational Excellence

Refined organizational processes, from initial planning to final certification, ensuring seamless training experiences fully focused on learning.

CASA DA EDUCAÇÃO

Our Mission

To empower teachers with innovative skills, strengthen the European educational space through the sharing of best practices, and connect diverse pedagogical cultures in a spirit of cooperation and mutual growth. We believe that inspired teachers create transformed students.

Casa da Educação stands out for its pedagogical approach that is simple yet profound, innovative yet accessible, always centered on the real needs of contemporary European educators.

Our Vision

To become a leading European hub for teacher development, where innovation, cultural diversity, and human connection redefine what education can be.

We imagine teachers learning together, helping each other, and growing as a team, creating better schools, stronger communities, and a Europe where every student can do their best.

Why Lisbon? The Perfect City to Learn

Safety and Tranquility

One of Europe's safest capitals, with low crime rates and a welcoming atmosphere, allowing for free mobility and confident exploration of the city.

Cultural Richness

UNESCO heritage, world-class museums, unique architecture, and vibrant traditions that enrich any training experience with authentic cultural dimensions.

Inspiring Climate

Generous sunshine throughout the year, allowing for outdoor learning activities and creating an energizing environment ideal for creativity and professional development.

Innovative Ecosystem

Growing hub of educational startups, technological innovation centers, and progressive pedagogical initiatives that inspire new approaches to contemporary teaching.

Lisbon offers the perfect balance between tradition and modernity, providing immersive learning experiences that go far beyond the classroom. The city becomes an integral part of the educational process.

Our Training Model: Practical, Innovative, Personalized

Practical and Applicable Sessions

Hands-on methodologies that teachers can immediately implement in their classrooms, with concrete tools and tested strategies.

Small Groups and Individual Attention

Reduced class sizes that ensure close interaction, personalized feedback, and adaptation to each participant's specific needs.

Learning in Real Contexts

Outdoor learning activities in Lisbon's cultural and educational spaces, integrating creative pedagogy with the city's urban fabric.

European Values and Innovation

Pedagogical approaches aligned with the European Competence Framework, promoting creativity, critical thinking, and active European citizenship.

Pedagogical Philosophy

We believe in transformative training that combines robust theory with intensive practice. Each course is designed to maximize impact on professional development, offering experiences that inspire lasting changes in participants' pedagogical practices.

Our trainers are professionals with international experience, mastery of the most advanced European methodologies, and a genuine passion for quality education.

Courses Offered: Skills for the Future of Education

Digital Skills and AI in Education

Master essential digital tools, understand the potential of artificial intelligence in the classroom, and develop critical digital literacy for educating in the technological age.

Inclusive Education and Classroom Management

Practical strategies to create truly inclusive learning environments, effectively manage diversity, and respond to the needs of all students.

Creative Pedagogy and Arts-Based Teaching

Integrate artistic expressions into the curriculum, stimulate creative thinking through the arts, and transform learning into an engaging aesthetic experience.

Stress Management and Teacher Well-being

Mindfulness techniques, self-care strategies, and practical tools to prevent burnout and maintain sustainable professional balance.

Erasmus+ Project Management

From application to implementation: in-depth knowledge of Erasmus+ programs, effective mobility management, and maximizing project impact.

Literary Lisbon and Cultural Modules

Explore Lisbon's literary heritage, integrate local culture into language and humanities teaching, and develop pedagogical approaches based on cultural context.

All courses can be adapted to the specific needs of your institution, combining different modules to create truly personalized and relevant training experiences.

Our Team:

Training that inspires. Experiences that transform.

Fully Customized Programs

Each course is designed based on the specific objectives of your group, integrating the pedagogical priorities of your institution and the identified development needs.

Full and Continuous Support

Assistance from the first contact until return: complete logistical management, practical issue resolution, and permanent support throughout your stay in Lisbon.

Local Educational Experiences

Visits to innovative schools, meetings with Portuguese educators, exploration of reference pedagogical projects, and networking with local professionals.

Trainers of International Excellence

Our team is composed of professionals with solid experience in international educational contexts, advanced academic training, and mastery of the latest European methodologies. All trainers possess linguistic skills that ensure fluent communication with participants from all over Europe.

We combine pedagogical expertise with a deep knowledge of the European educational reality, ensuring practical relevance and immediate applicability of the content covered.

Recognized Certification: All participants receive training certificates valid for career progression, recognized within the Erasmus+ program, and compatible with continuous professional development requirements across Europe.

The Lisbon Experience: Learning by Living the City

Authentic Gastronomy

Discover the richness of Portuguese cuisine through integrated gastronomic experiences, from traditional 'pastéis de nata' to vibrant local markets.

Modern Riverside Front

Experience contemporary Lisbon in Parque das Nações, a symbol of Portuguese modernity and the location of our training facilities.

Historical Heritage

Explore historic neighborhoods like Alfama and Belém, understanding the cultural narrative that makes Lisbon a living museum of European history.

Vibrant Art and Culture

Access world-class museums, innovative galleries, and cultural manifestations that enrich the training experience with deep aesthetic dimensions.

Safe mobility, efficient public transport, and a city designed on a human scale make exploring Lisbon an enjoyable and enriching experience. Participants can navigate the city with confidence, transforming every free moment into an opportunity for informal cultural learning.

Our Impact: Numbers That Inspire Confidence

800+

Teachers Trained

Over 800 European educators trained in Erasmus+ mobility programs over 12 years of continuous activity.

8

Partner Countries

Collaborations established with educational institutions in 8 European countries, from Scandinavia to the Mediterranean.

98%

Satisfaction Rate

Extraordinary average participant evaluation, reflecting consistent quality and significant impact of our training programs.

50+

Courses Delivered

Proven thematic diversity with dozens of different programs adapted to specific pedagogical needs and varied national contexts.

Success Stories from Europe

"Tutti molto professionali, a cominciare da Rosario, disponibile e sempre con il sorriso. Grazie per l'esperienza meravigliosa nella città di Lisbona, icona di arte e cultura."

– **Maria Valentini, Mathematics Teacher, Vasto Italy**

"Exceptional experience that combined serious professional development with authentic cultural immersion. The organization was perfect, and the trainers demonstrated rare pedagogical competence. I recommend it unreservedly."

– **Jan Kowalski, Erasmus+ Coordinator, Warsaw, Poland**

"We are thankful to our host CASA DA EDUCAÇÃO who made the Erasmus experience as a whole an unforgettable one. They are professional people, with whom we created strong bonds that will last a lifetime. I recommend from all my heart."

– **Eva Rotko-Todorut School Director, Bucharest, Romania**

Reserve Your Spot: Erasmus+ Mobilities 2025–2026
